

❄️ ❄️

SKI FOR LIGHT

❄️ INVITES YOU TO JOIN US AS A

GUIDE/INSTRUCTOR

❄️

We're looking for cross country skiers to guide and instruct blind, visually and mobility-impaired adults in the sport of cross country skiing. We'll train you how to be an effective and safe guide/instructor. Share your time, make friends, have fun and even improve your own skills!

Ski For Light is a not for profit, all volunteer organization. We conduct an annual program in which each disabled skier is carefully matched with an able bodied skier for a week of instruction, practice and camaraderie in the snow. SFL attracts more than 250 active adults from every corner of the US and from around the world, from beginners to life-long cross-country enthusiasts. The cost for the week includes all meals, entertainment, lodging, trail passes and airport transfers.

The **2011 Ski For Light International Week** marks the 36th anniversary of our dynamic organization. The event will take place in Granby, Colorado from **January 30 – February 6**. We will have the good fortune to be staying at Snow Mountain Ranch, where we will be able to put on our skis right outside our rooms and access 100 kilometers of beautiful trails. Snow Mountain Ranch is rated one of the top Nordic skiing venues in the country and is a favorite of the SFL community.

WE HOPE YOU'LL JOIN US! ❄️

Applications and much more information about **Ski For Light** is available at our website
